COUNTY NEWS IN REVIEW

500 Patriots—

Half Moon Bay dedicated a new $200,000 high school Sunday, with more than 500 patriotic Peninsula citizens present. Native Sons of the Golden West arranged the parade and ceremonies.

A Day to Remember—

Sixty inmates of the county relief home visited the Exposition Sunday as guests of the San Mateo county building trades council and central labor council. It was the first time that many of the inmates had ever seen the big bridges and the World's Fair.

War Note—

Several San Jose State college students last week experimented with the "bare necessity" of war rations diet. When the five-day test period ended Saturday night, their weight loss ranged from 2½ to 3¾ pounds.

Columbus Day—

San Mateo county mounted sheriff's posse, which recently entertained crowds at the Fiesta, was judged along with the San Francisco posse, the best horse-mounted unit participating in the parade in San Francisco, Sunday. The parade climaxed a four-day Columbus Day celebration.

PIONEER NAMES DISCOVERED ON RECEIPTS

Daly City Water Department Consigns Early Records to Flames

Boxes of frayed and yellow water receipts dating from Daly City's early pioneer days were regretfully consigned to the flames this week by the Daly City water department.

Dating from as far back as 1907, the small, old-fashioned slips of paper spelled a tale of a nation's yesterday. The following faded mottos, written so long ago as to be almost timely again, were stamped on war-time receipts:

"What, no sugar? Sugar is scarce. Someone must do without. Shall it be our boys at the front?"

"Have you bought a bond on the Third Liberty Loan?"

"Food is Ammunition and the biggest shell today is sugar. SAVE IT. The sugar at the bottom of your cup is Pro-German!"

"Save Wheat! Wheat is the greatest need of our armies and the Allies in France. Every loaf you save helps a soldier."

Many local names listed on water receipts for war and pre-war days, more than thirty years ago, still remain on the books today, A. J. Bodien, water superintendent said. The early-day handful of water consumers compare strikingly with the 3,139 meters in operation today.

An old ledger for November, 1914, shows that total collections for that month amounted to $384. Last month, September, 1939, less than twenty-five years later, receipts totaled $5,694.

It is interesting to note that during the entire term of the water department, there has never been a time when the water supply has failed the city, or when there has been a fear of lack of water for adequate protection.

Destruction of the pioneer receipts, more than a truckload in all, was made necessary by lack of space, Bodien explained. The water department was granted permission at the last regular council meeting to destroy the unnecessary records and from now on, water receipts will be kept for only a four-year period.

Barbara Davis Will Be Crowned At Grand Ball

Speed Up Projects For South End Streets

Instead of employing one hundred workers for two years as originally planned, the WPA south end street improvement project will now be allowed only one year for completion, City Engineer Julius F. Castelan said today. Twice as many workers will be employed, however.

Announcement of the change in specifications followed a letter received last week from County WPA Engineer George A. Janssen requesting the new procedure. The reply was signed here Thursday and rushed back to

MUNICIPAL BUS LINE TO BEGIN SERVICE SOON

Mayor Selmi Announces Shipment of Two Busses From Detroit

Daly City's municipal bus line will be ready to begin operations in approximately four more weeks, Mayor Paul G. Selmi announced today. Delivery of the two busses from Detroit, Michigan, is expected within the next two weeks.

An official notice explaining the route to be covered, fare, and time schedules will be sent to every Daly City resident before inauguration of the service, the mayor said. Final details of the system are being worked out now by city officials.

Inauguration of the new line is expected to relieve the present serious transportation problems Daly City commuters face in getting to and from down town San Francisco. Operating between this city and the west terminal of Twin Peaks tunnel, the municipal system is designed to assure faster transportation.

The busses will be painted yellow, trimmed in blue. On the side of each will be a circular monogram, with the lettering "Daly City Municipal Bus Line." Operating during rush hours, the busses, each with a maximum capacity of fifty passengers, will serve all sections of Daly City.

"When the success of the first two busses are assured," Mayor Selmi said today, "we shall expand the service accordingly. This undertaking will form a practical test of the city's effort to help Daly City residents reach their work more quickly and pleasantly. Solution of our commuter problem would probably do more than any other one factor for Daly City's immediate future."

Recent developments followed months of effort on the part of Mayor Selmi, city officials, civic leaders and public-minded citizens to establish the municipal line.

Featuring home-town talent, the casts of the plays will include Alfred Bulf, Dorothy Selmi, Carl Sirvain, Elmer Shannon, Frances Poket, Mrs. R. T. Krogh, Jean Sirvain and Ralph Capps.

Chief Chesney announced today that he has received a copy of the new State Fireworks Law, enacted by the 1939 legislature, which was sent out by the State Fire Marshal's office. Accompanying the law was a list of rules and regulations which cover its provisions. The new state law, Chief Chesney said, is much more drastic than the city ordinance and supercedes all local fireworks enactments.

Speed Up Projects For South End Streets

(Continued from Page 1)

Washington, D. C., for official approval.

Castelan reported that work on the grading of Knowles avenue, from Niantic to the Southern Pacific railroad tracks will be completed this week. Dirt from the excavation has been used to fill in the baseball diamond at Vista Grande park.

A bulwark is being constructed around the edge of the park to prevent storm waters from draining down into the play areas. One thousand pounds of grass seed planted last week will be up within the next few days. Subject to the approval of the council, an automatic sprinkler and power mower will be purchased.

Work will start this week on the grading of the second level of Vista Grande park, where it is proposed to construct a tennis court, eight horseshoe courts and one bocci ball court.

Delivery of the twelve-foot fence for the tennis court at the Acton street playground was scheduled for this week; the surface of the court is also receiving attention. The lower level will be graded and surrounded by a six-foot fence.

First showing of the new 1940 Chevrolet was made October 14 in the showrooms of Belli Motor company, Mission and Market streets, Daly City, and Belli block, Colma, in conjunction with the initial nation-wide display of this popular low-priced car.

In commenting on the new car, F. Norman Phelps, Pacific Coast Regional manager for Chevrolet, said, "Car buyers everywhere received a real surprise when they saw the new Chevrolet. It's an unbelievable value. The car is four and one-quarter inches longer than last year's model—bigger inside as well as outside. It's the most beautiful low-priced car ever designed. From every desirable motor car quality, including beauty, performance, economy of operation, and safety, the careful automobile buyer will find the new 1940 Chevrolet entirely to his liking."

A great deal of interest surrounded the introduction of the new Chevrolet cars as they have new full vision bodies by Fisher and are bigger inside as well as outside. The new vacuum power shift, exclusive with Chevrolet, is standard equipment on all 1940 models.

A cordial invitation is given to everyone in this area to come in and see the remarkable new Chevrolet.

Tax Free! Debt Free!

CALIFORNIA How and Now!

By Charles J. Husband

(This article is a continuation of the discussion begun in the October 4 "Record" by Mr. Husband.)

It is immediately evident that all persons over the age of 50 receiving $30.00 per week under the terms of this Act will be removed from the Relief Rolls immediately. It is also apparent that all able-bodied citizens under the age of 50 will be re-employed to furnish the goods and services that will be demended by the spending of the $30.00 per week by our senior citizens; thus, removing from the Relief Rolls all the able-bodied citizens under the age of 50. We will have taken off of our Relief load all but the small percentage of relief clients who can be classified as mentally sick, crippled or blind, under the age of 50.

Even this small percentage will no longer be a tax charge upon the business of California because public institutions, such as County Hospitals, Homes, Tubercular Sanitoriums, Rest Homes and the like, will immediately become revenue producing institutions by reason of the fact that inmates of such institutions will be persons over the age of 50 with an income of $30.00 per week, or persons under the age of 50 who are gainfully employed, and therefore, able to pay a reasonable charge for their hospitalization or other treatment. The revenue produced by these institutions will be more than sufficient to care for the cost of the small class of persons still left as public charges.

Relief Tax Lifted

Thus, it can be seen that the entire tax charge for relief purposes will be lifted from the backs of the tax payers in California. For analysis and comparison, however, it is necessary that we know approximately what percentage of the total tax charge is represented by this charity burden.

Our public agencies report that this cost varies from 60 to 70 cents out of every tax dollar. This, however, is an exaggeration. Actually, this charity expense does represent about 50 cents out of every dollar on taxes collected; hence, its elimination will reduce our present tax load by one-half, and makes it necessary for us to change this basic figure of 900 million dollars of tax burden to 450 million dollars.

(This discussion showing the merits of the Retirement Life Payments amendment will be continued in the October 25 Record.)

German Hot Dogs

Visitors to Germany, especially Americans whose only knowledge of sausage is limited to "hot dogs," report that part of the gastronomic delight of travel there is tasting other varieties, such as the "Halberstaedter" in central Germany, the "Weisswuerstechen" of Bavaria, and the "Bratwuerste" in Thuringia.

CON

"Thirty-Thurs." Plan Analyzed

By John M. Peirce,
Tax Counselor,
California Taxpayers' Assn.

(This is the third installment of the article against "Ham and Eggs" by Mr. Peirce.)

5. Cost of Cash Redemption Stamps Would Be Over Seventeen Times as Great as Yield of Present Sales Tax

Last year, the people of California paid $87,910,157 in retail sales taxes. Although the sales tax is considered by many to be a heavy tax, its burden is small compared with the cash outlay which would be required to purchase the necessary redemption stamps under this proposed pension plan. In fact, the cost of redemption stamps, which in effect would be a transaction tax, would exceed the cost of the sales tax by more than seventeen times.

6. $78,000,000,000 a Year in Business Transactions Required to Sustain a 2 Per Cent Redemption Stamp Charge

Considering the two-cent stamp to be the equivalent of a 2 per cent transaction tax, California would have to maintain approximately $78,000,000,000 in business transactions a year in order to carry the load. This is true because at the rate of 2 per cent it would take this volume of transactions to yield $1,560,000,000. At the present time gross business transactions amount to about $16,000,000,000 a year, so that if the plan is to operate in practice as in theory, business would have to expand five times and it is improbable that this could be accomplished without drastic inflation of prices.

7. Pensioners Would Spend Warrants Once—Others Would Have to Spend Them 51 Times

Inasmuch as the pensioners would be prohibited from engaging in gainful employment, they would have no occasion to come into possession of warrants after they were first "spent" by them. Thus the one million pensioners would spend the warrants once, and the remaining six million citizens would have to do enough business to "spend" them fifty-one times (assuming one turn-over a week) before the time of redemption would be reached at the end of fifty-two weeks. Obviously, the initial spending of the warrants at present price levels would bring untold prosperity to the pensioners, but in order to liquidate the initial issuance of warrants, the rest of the citizenry would have to engage in a spending spree that could spell nothing but wild inflation.

(Next week, in the October 25 Record, Mr. Peirce will continue his analysis of the "Ham and Eggs" proposal.)

the queen during the ceremonies at the Island. They include Miss Jessie Brown, 140 Los Banos avenue; Miss Barbara Foreman, 35 Woodrow street; Miss Shirley Allen, and Miss Ruth Morris, 186 Irvington street, all of them Jefferson students.

The committee in charge of costume and crown for the ceremony includes Mrs. Catherine Foreman, Mrs. Melvin J. Conroy, Mrs. LeRoy Davis and Mrs. Paul G. Selmi.

Dr. Shaghoian's Brother Dies

Henry Morse Stephen Lodge, Berkeley, conducted Masonic funeral services for Professor Allen A. Shaw, 51, Wednesday evening of last week at the mortuary chapel of W. C. Lasswell and company. Dr. Shaw was professor of mathematics at the University of Arizona and a brother of Dr. A. A. Shaghoian, local physician.

After receiving his early college education and B. A. degree at London, England, Dr. Shaw taught for several years on the faculty of the American sponsored Robert's College, Constantinople, Turkey. He came to the University of California, Berkeley, as an instructor in mathematics and English literature and received his degrees as Master of Arts and Doctor of Philosophy in mathematics.

In 1927 he went to the University of Arizona where he held the position of associate professor of mathematics until the time of his death, October 11. He contributed many original studies on mathematics, its history and science, to scientific periodicals and societies.

Final rites were held at Kingsburg, Saturday.

In addition to his sister, he is survived by his widow, Mrs. Zartar Shaw, and two children, and a brother, Paul A. Shaghoian.

Court Honors Memory Of Judge William Dinning

Judge William H. Dinning of South San Francisco, whose sudden death last week ended a long and distinguished career of public service, was honored by Judge Wade H. Clay's court last Friday when Judge R. A. Rapsey offered a motion that the court adjourn out of respect to his memory.

"By the death of Judge William H. Dinning," the official remarks of the Court read, "the community has lost a splendid citizen. As a Judge, although he was a believer of strict enforcement of the law, he was kind and considerate of those in distress. He was loved and respected by all who knew him. On motion of the Honorable R. A. Rapsey, this Court will stand adjourned out of respect to the memory of Judge William H. Dinning."

Drive Carefully

Sunday, Daly City Day at the Fair, thousands of automobiles will be pushing across the bridge to Treasure Island.

"Please drive carefully," admonishes H. G. King, D. C. Day general chairman. "Drive slowly, keep to the right hand lanes and observe all traffic signals and regulations. Do your part to make this day a complete success. Don't be responsible for an auto accident!"

Third Installment

History of Daly City Fire Department

(Editor's Note: This is the third installment of an informal history of the Daly City Fire department, dedicated to "those who serve—not for personal gain—but for the welfare of all."

Through the cooperation of William J. C. Goldkuhl, E. W. Goldkuhl sr., and Edward W. Goldkuhl jr., authors, and the Daly City Record, this interesting story is made available to the general public.)

With the thought in mind of organizing other departments in Hillcrest and Mission districts, H. Elmer was appointed to obtain the names of the tax payers from Assessor Hayward.

A sign was ordered placed on the top of the hill recalling the badges of the members who did not attend the meetings.

During the year 1910, the Hillcrest and Mission District Fire departments were organized. Company Number 3, or the Hillcrest Company, was composed of the following members: E. Ford, captain; R. E. Squier, lieutenant; Joe Brocker, J. Spadoni, A. J. Bodien, V. W. Peterson, R. Frank, E Espinoza, A. J. Green, E. Court, G. Schappie and George Smith.

Company Number 1 was headed by Captain George Savage, and Lieutenant Ott; but its personnel at this time was not listed.

It so happened that the organization of these departments coincided with the Fourth of July, so it was decided to have a Fourth of July picnic of celebration for the three groups.

The year 1910 also saw the organization of the first Daly City baseball team with James Poket its first captain. The latter part of the year was marked by a great deal of social activity, as each company had its own entertainments, and they ocassionally united for some event.

At this time, the fire station was moved from Ryan's store to Vogel's Bakery. The Fire Commissioners voted to install sixty plugs in Vista Grande and Mission tracts, to buy 1200 feet of hose, and to procure three tanks to hold 1000 gallons of water. By agreement, the department was to pay the water company twelve dollars every time the tanks were used.

The year 1911 saw the election of the following officers: captain, Secor; first lieutenant, Elmers; second lieutenant, Frankel; secretary-treasurer, Larson. Recommendation was made to the Board of Fire Commissioners that Mr. J. Callan be elected first assistant chief. H. H. Smith was treasurer for the Board of Officers.

At the fire department meeting of March 7, 1911, W. J. C. Goldkuhl and H. H. Smith made some pertinent and carefully considered remarks to the effect of incorporating the different districts into a town. It is probable that the incorporation of Daly City resulted from the suggestion made at this fire department meeting in conjunction with the initiative taken and the work done by the various improvement clubs of Daly City.

It was also during the month of March that a tradition was born. The first annual picnic of the Daly City Fire department to be held in the park was arranged. A committee was formed to purchase lumber from the H. H. Smith Lumber company to erect a platform for dancing. This picnic, after its first success, became an institution to Daly City.

During this time, Daly City was incorporated into a sixth class town, and a committee of firemen was formed to go before the newly-elected trustees to see about the fire apparatus suitable for a sixth class township.

Then came the month of May, 1911, when plans were made to organize a fourth company, in the Crocker tract, as the town was rapidly growing in population, and the need for further fire protection was acute.

Among the specific problems confronting the citizens as stated at this time was fire protection in the "Nickleodeon," school houses and other public places where the lives of the citizens were in danger. A suggestion was made to write the city trustees requesting that fire escapes and fire apparatus be put in these public places.

August, 1911, saw the Daly City Fire companies petition the city trustees for a hall of their own. The petition, however, was temporarily rejected by the trustees for lack of funds in the city treasury.

(This history will be continued in the Daly City Record next week, October 25.)

All county Roll Call chairmen and workers especially are urged to attend the session which will begin with a discussion at 10 a. m. in the ninth floor auditorium of the Furniture Exchange building, 1355 Market street, San Francisco. Reservations are being made to Red Cross office, 224 Primrose road, Burlingame.

H. J. Hughes, legal counselor from National headquarters, Washington, D. C., will be one of the two speakers who will take part in the luncheon program at 12:30 p. m. Round table discussions will be held during the afternoon.

During this past week Junior Red Cross members have re-enrolled through the county elementary and high schools, with teachers sponsoring the Membership drive, aided by student Red Cross officers.

Volunteer workers to assist the chapter in making its quota of surgical dressings which will be sent abroad to the wounded of all nations, will start work next week under the direction of trained instructors. Mrs Laurance I. Scott, chairman of the Production Planning committee, announces that all women interested in doing this work may contact the Red Cross office in Burlingame.

Appoint Teacher For Pottery Class

Miss Jehan Dorn, former instructor of the art project of the San Francisco WPA Recreation department, has been appointed teacher of the pottery classes in Daly City.

Complete facilities are now being installed at the Jefferson Union high school, and classes are registering at the Recreation department. Wheel work, art work, glazing and firing will be taught. The public is invited to enroll. Classes are free.

Miss Dorn has studied at the Beaux Arts academy and Academy Colorossi of Paris, and was a pupil of the famous Russian, Ossip Zad Kine, under whom she studied stone cutting.

She also studied sculptoring at the California School of Fine Arts and won a scholarship to the Chinourd art school in Los Angeles where she took illustrating, life and sculptoring.

Many of Miss Dorn's works can be seen at the Recreation building at Treasure Island.

San Mateo Jaysee To Play Modesto

NEW BUICK HAS SIX SERIES

Belli Motor Co. Has Models On Display Here

The new Buick for 1940, consisting of six series of automobiles, two of which are entirely new, is announced today and models are on display in the showroom of Belli Motor company, Mission and Market streets, Daly City, Belli block, Colma.

The two new series, the Super and Roadmaster, are highly advanced cars, introducing ultra modern features of styling and advanced engineering practices. The other four, the Special, Century and Limited (on two wheelbases) are improved versions of previous models with a long array of advances in body styling, chassis and equipment, according to M. J. Soldavini, general manager.

Notwithstanding the sweeping improvements in style, quality and performance, the delivered prices of the 1940 Buick cars are substantially lower than last year, with reductions ranging from $79 to $350, the dealer stated. "In addition, the new low prices will include as standard equipment numerous accessories which were not on the 1939 cars," he said.

"Outstanding structural and design features, including such important items as improved torque tube drive; independent front wheel suspension, Buicoil rear spring suspension, ride stabilization fore and aft, more powerful hydraulic brakes, and improved lighting and electrical equipment, are incorporated in the cars."

Crocker PTA Plans Lunch and Whist

Regular monthly meeting of Crocker PTA was held last Tuesday at Crocker school. Mrs. Otha Kinsey, program chairman, distributed programs for the year to each member who was present.

Clive Saiz, Jefferson Union high school instructor, gave an interesting talk touching upon hobbies, books and moving pictures which would help children in their school work and give them a better outlook on life.

Mrs. Virginia Davidson gave a detailed report of the meeting in Pescadero. Mrs. Lillian Cavagnaro was appointed delegate to the district meeting in Burlingame Friday.

In order that Crocker by-laws comply with those of the district, a revision was presented to the unit, which will be read at the November and December meetings before it is voted upon.

Mrs. Julia V. Jordan entertained the Sew and Sew club last Thursday. The meeting for this week was held at the home of Mrs. Olga Bordsen instead of at the home of Mrs. Pansy Montano, owing to the illness of Mrs. Montano. If her health permits, Mrs. Montano will entertain the ladies Thursday of next week, October 26.

The magazine luncheon and whist will be held Thursday of this week at 12 sharp in Crocker school. Reservations should be made by phoning Mrs. Davidson, RAndolph 4243.

Announcement was made of the north-end conference to be held in Jefferson Union high school, November 13. All officers and chairmen were asked to attend.

A joint meeting of the General Pershing PTA, Fathers' Forum and Crocker PTA was held in General Pershing school last evening.

Aged Man Dies At Hospital Friday

William Howland, a patient at Villa sanitarium for the last six months, died Friday following a long illness. There were no surviving relatives. He was 78 years old.

Funeral services were held Monday from the funeral chapel of W. C. Lasswell and company, 6154 Mission street. Interment was in Cypress Lawn cemetery.

Polish Resorts

You can go to a country house in Poland, ride, shoot and live on its estate as if you owned thousands of its acres, and only be asked to pay as a guest the equivalent asked by a small boarding house in an average seaside resort.

The model illustrated is the Buick SUPER *model 51 four-door touring sedan $1109 delivered at Flint, Mich.**

ONE little thing will illustrate the unsparing care we're spending to make this 1940 Buick the best car we've ever built.

Take the springs — not simply the great soft-action spirals that cushion the car, but even the valve springs.

After they're shaped and tempered and finished there's likely to be here and there a tiny scratch on the surface of the steel.

Such a scratch conceivably might start a fracture. So we shot-blast our springs — to heal such tiny scratches, "peening" the surface in miniature like hammered silver.

All through this massive, powerful, beautiful car you'll find special precaution like that.

For example, we used to balance by weight all sets of parts in our tornadic Dynaflash straight-eight engine, to cancel out even a hint of "rough."

We do that still, but now we do more. On special machines we electrically balance this great engine to micropoised perfection *after* assembly, paring metal if need be to smooth its velocity to velvet.

Seat angles, pedal positions, shock absorber travel-arc, brake areas, control tensions — every detail comes under special study.

When the experimental models had done their stuff on the General Motors proving ground, we turned 'em over to sharpshooters to punish, over thousands of miles of bad roads and good.

Out of it all comes an automobile we're mighty proud to offer — an unbeatable travelmate you will be thrilled to own.

Come drive it — see how excitingly close steel and rubber and glass can come to being alive!

Scottish Tartans

The term tartan was known and the material was woven of one or two colors for the poor and more varied for the rich as early as the middle of the Fifteenth century. In the accounts of John, bishop of Glasgow, treasurer to King James III in 1471, there occurs the following mention of the material: "Ane elne and ane halve of blue Tartane to lyne his gowne of cloth of gold." In 1538 accounts were incurred for a Highland dress for King James V on the occasion of a hunting expedition in which there are charges for "Heland tartane."

Jefferson Loses First League Game

Jefferson lost their first game in the P. A. L. series, 12-7, when they played Palo Alto high school at Palo Alto, Friday.

The first half was scoreless, with both teams working up and down the field without a serious threat. In the third quarter, Palo Alto, on a series of aerial plays and short runs went over for the score. No conversion. Palo Alto scored again after Jefferson was penalized for interfering with a eligible receiver, and the ball put on Jefferson's five yard line. Again Palo Alto's attempt for the extra point failed.

In the fourth, De Bono, a Jefferson second string man, caught Giusti's pass from the fifty yard line on the twenty and galloped the remaining twenty yards for the score. Giusti made the conversion.

Jefferson missed a chance to score when they failed to get down the field quickly enough to receive a punt that landed on Palo Alto's 10-yard line.

Jefferson's line men, Eldrup, Faulk, Rigler and Currier look good, and Christen, Giusti and Ruppert in the back field show signs, off and on, of being sensational, but it will take a few league games to tell whether or not these boys have what it takes. Eldrup, in spite of the heat at Palo Alto, Friday, played a sixty minute game.

At the frosh-soph game on Jefferson field, Friday, Half Moon Bay High beat Jefferson 20-0.

Jeferson will play San Jose high school at San Jose, Friday.

GINGER ROGERS IS "BACHELOR MOTHER" IN HIT COMEDY OPENING HERE TOMORROW

Daly City Theatre Also Schedules Coast Guard Film

Paired for the first time, Ginger Rogers and David Niven are co-starred in the Daly City theatre's new romantic laugh hit, "Bachelor Mother," coming tomorrow for a three day run.

Weaving a unique and clever love story into its hilarious plot, "Bachelor Mother" has Ginger as a salesgirl in a metropolitan department store, in which Niven appears as the store's efficient and business-like executive son of the owner, played by Charles Coburn.

Passing by an orphanage during her lunch hour, Ginger espies a woman leaving a baby on the steps and rush away. She goes to pick up the child and is seen by one of the institution's matrons, who assumes that Ginger is the baby's mother. Her denials merely make matters worse, and an investigator is sent to the department store to check up.

This brings Ginger to Nivens' attention who magnanimously enhances her job—if she will be a good "mother" and take proper care of "her" baby! Ginger goes berserk and desperately endeavors to make the orphanage take the child. Failing, she tries to wish it on to Niven.

Horrified, Niven lectures her on her inhuman conduct and using her job as a threat, forces her to rear the youngster. The consequent association between Ginger and Niven arouses the jealousy of her self-appointed boy friend, a young stock clerk in the store, who anonymously misinforms Coburn that Niven is the father of Ginger's child.

This leads to the hilarious climax of the picture, when Coburn tries to make Niven marry the girl so that he may claim the infant as his grandson!

Companion picture on the new bill is Columbia's dramatic "Coast Guard," which stars Randolph Scott, Ralph Bellamy, Frances Dee and Walter Connolly.

Poised to flee with a babe in her arms, like the fugitive heroine of Uncle Tom's Cabin, is Ginger Rogers, in the sparkling comedy, "Bachelor Mother," opening tomorrow at the Daly City theatre.

Benefit Whist Set for Tonight

Sponsoring their annual benefit for homeless children, El Carmelo Parlor No. 181, Native Daughters of the Golden West, will hold a public whist and bazaar at 8:30 p. m. tonight at Masonic hall.

It is planned to use fifty dollars of the proceeds as an outright donation toward the support of homeless children cared for by the Native Sons and Daughters. These children deserve the help of everyone, according to members of the committee.

There will be many outstanding awards at the party, including a substantial cash prize. There will be no admission charge; score cards are nominal in price. Coffee and doughnuts will be served to patrons of the whist game.

In addition to whist prizes, a beautiful hand-crocheted spread will be awarded the holder of a lucky ticket during the evening.

The committee in charge includes Mrs. Helen Meyer, chairman; Mrs. Louise Eliasen, Mrs. Alice Oldham, Mrs. Florence Hopman and others. All members of the organization are working with the committee to insure the success of the annual benefit which has proved so successful in past years.

The public is cordially invited to extend their support.
